

“New Member Profile”

This week’s feature : Sean Kelly

Sean was born in Pittsburgh, PA. His family included 2 older brothers. He attended Pittsburgh schools through high school. He chose John Carroll University to continue his education and majored in Accounting. His career is now growing at PwC, a firm specializing in business services such as auditing, and accounting. Currently, he has worked for 10 years in Mergers and Acquisitions.

Sean met his wife, Michelle, through a group of friends at Great Lakes Brewery. They had hung around in similar circles from a professional perspective and got to know each other before dating. They have two children, Marissa age 3 and Colin who is almost 1 year old.

They became members recently after they decided as a family that the westside of Cleveland would be their home for at least the mid-term. Sean and Michelle started looking for a permanent church for a few years as COVID had prolonged the search by years. They live in Avon Lake and

visited many churches in the area, but Prince of Peace “felt” right and reminded Sean of the church he grew up with in Pittsburgh. Our welcoming community has a wide appeal and has much to offer as we grow together.

Sean would like to engage in missions and activities, and is open to suggestions . Time is fairly limited with the kiddos at this age. They will cherish these early years as young parents and remember the bond that is being created. He enjoys anything outdoors during free time. Running, skiing, biking and spending time with family outdoors are top of the list for him.

He is a Steelers fan but has become loyal to cheering the Guardians. Maybe the Buds and Suds group can offer him advice on the advantages of switching to exclusive Cleveland team support :-). Sean has lived on the east and west sides of Cleveland and is definitely a “west-sider”.

You can connect on Sundays and learn more about Sean and his family. Showing the Blessings and Love that is brought to us through Jesus is a wonderful message for their children to hear!
