This week's feature : Jesse and Kelsey Buhrman

Jesse was born in Westlake and grew up there with 3 older siblings : Jason, Lindsey and Jake. Kelsey was born in Dayton, OH and grew up there with one older sister Shelby. After graduation from high school, they both attended Wilmington College in southern Ohio. The campus is about an hour from both Columbus and Cincinnati. They met each other at school in Wilmington, Jesse was a sophomore and Kelsey was a freshman. Jesse majored in Business Administration focused in management. Kelsey majored in Educational Studies.

After earning their degrees, it was off into the world to build a career. Kelsey worked for the city of Bay Village at city hall part time as the front desk receptionist and billing department. She is now employed at Equity Trust in Westlake as a Quality control analyst/document processor. Jesse worked for Coca Cola as a sales account manager. He then went on to his current position with Beverage Distributors first as a reset coordinator and most recently as a sales account manager.

They have one child, Axel, who is now 6 months old and growing like crazy. Pastor Charlie baptized Axel and cousin Alphonse in January, and the POP community gathered in celebration! As young parents they have big dreams and know God will be their guide. Rounding out the family, they also have 2 dogs and a cat. This certainly requires much energy, and Kelsey and Jesse are up to the task.

Jesse grew up at Prince of Peace, so he thanks his parents Donna and Jeff Buhrman for finding such a great church family to be a part of. He considers the Saunders family as some of his mentors at POP! They are a second family as he grew up. Evan became like a brother to him and Dave and Jan became like a second set of parents.

Jesse is involved with the finance committee, the endowment committee, running the computer on Sunday mornings, and ushering every now and then. His hobbies and interests are mainly in the sports world. He loves to play any kind of sport but is in a men's soccer league, sand volleyball, flag football, golf league and has started to get into disc golf. Jesse also offers his talents to coach boys Lacrosse as a volunteer at Strongsville High School. Kelsey's hobbies and interests are her love of reading a good book and savoring a flavorful cup of coffee. She also plays in the coed volleyball league with Jesse.

The love the Buhrman family shares with each other is a reflection of God's Love! Let us Give Thanks for all we have inherited through Him.
